We hope that James and his wife will be in harmony here-

CORONER CARY keld an inquest, yesterday, over the body of a man named Richard Gregg, found dead upon the sidewalk on the levee, betweenVine and Walnut streets, which resulted in a verdict of "death by falling from a portice from the third story of a drinking house, kept by a man named Peter Hoctor." The deceased is supposed to have been intoxicated at the time.

SHAMEFUL. - As we were passing along Longworth street, between Race and Elm, last evening, we saw a crowd of near a hundred men and boys assembled around a poor unfortunate woman, who was in a beastly state of intoxication. We felt sorry for the poor woman, and were surprised to see that there were men in a Christian community who seemed to enjoy the sight.

A write man, who halls from the rural distreits, and a negro weman of this city, were arrested by Lieutenant Small and Policeman Mormon, last evening, upon a charge of adultery and vagrancy, and confined in the Hammond-street Station-house. As the case will be investigated in the Police Court this morning, we forbear giving the names of the parties for the present.

On Tuesday evening last, about 9 o'clock as a friend of ours was going down Main street, a window was raised in one of the upper stories of the Trust Company's building, and out came a considerable quantity of water, which (it is reasonably presumed) was not in a fit condition for keeping any longer within doors. #### CITY COUNCIL.

LAST SIGHT'S PROCESSINGS

Ordinances to assess a special tax on Real Estate, bounding the following streets, were

passed : Clinton street, from John street to Western Row; Kemper Lane, from Madison Road to Mrs. Weeks' line ; Hatter's Alley, from Vine street to Lodge street; Sixth street, from Race street to Vine street.

The City Auditor was authorized to advertise for Sealed Proposals for City Printing, and for advertising in the English and German language for the term of one year from the expiration of the present contract.

A proposition was received from Judge Lowe and officers of the Police Court, requesting the use of the Council chamber for a few days of next week, while repairs are being made in the Police Court room. The proposition was laid on the table.

An ordinance was passed appropriating \$8 to indemnify A. Strauss for furnishing food to lost children, brought to the station-house for recognition.

The special order for the evening being report of Special Committee on Communication from Western Stockholders of O. & M. R. R. Co., relative to the reduction of bonded debt of said company.

The Committee presented, in addition to printed report, additional provision for security of the city, requiring the R. R. Co. to bowlder the south half of Front street from Fifth street and Mill street; also, binding them to pay the perpetual leases held on the wharf property.

Pending the discussion, Mr. Eggleston took the floor (Mr. Mack in the Chair,) and offered for the plan of the Committee, a preamble and resolution authorizing the Committee on Claims and Finances to reduce the claim of \$600,000 held against the Ohio & Mississippi Railroad Company, to any other sum, as they may deem it the interest of the city, provided, that it be at the same ratio as reductions made by those holding other floating debt.

Mr. Marsh offered an amendment providing that before the final action of the Committee on Claims, they report their recommendation to the City Council.

Mr. Torrence moved to lay the subject on the table until two weeks from next Wednesday evening. Lost.

Mr. Whitcomb desired to have the whole subject referred back to the Special Committee, in connection with the Committee on Railroads and Canals, to report on the propriety of having the track of the Ohio and Mississippi Railroad, above Mill creek, laid on the line of the Whitewater Canal.

The vote was then taken on the substitute of Mr. Eggleston, and adopted. Ayes 22, Nays 8. The Commissioner of the Western District was directed to remove forthwith all obstructions from Market alley, between Baymiller and Jane streets.

An ordinance to protect the paved streets from overloaded vehicles, was presented by Mr. Marsh. After a protracted discussion, the ordinance was engrossed and passed.

Council adjourned until next Monday night.

BOARD OF CITY IMPROVEMENTS .- The sealed proposals offered were opened, and award of contracts made as follows : To grade and pave, with bowlders, Pine

street, from Gest street to Clark street, to Jones and Bonte, at fourteen cents per cubic yard for grading, and eighty-two cents per square yard for paving.

To grade and pave, with brick, the unpaved side-walks on Main street, from Hamilton Road to Mulberry street, to J. C. Muthers, at forty-three cents per square yard.

The bids to construct a stone culvert nine feet interior diameter under Wade street, a distance of one hundred and fifty feet; to construct a stone culvert under Deer Creek Road, from Court street to Dominick's alaughter-house; and to construct a stone culvert five feet interior diameter under Ludlow street, from north side of Front street to low water mark, were laid on the table until the City Civil Engineer can make computation and report the lowest bidder.

A petition for opening Seventh street from Freeman street to Carr street, was read and referred to Commissioners of Western District and City Solicitor.

Application was made by R. E. Smith for extension of time until July 10, to complete contract of paving sidewalks on Third street, from Vine street to Park street. Approved for action of City Council.

The clerk was directed to transmit to City Council ordinances as follows: To establish grade of Forest avenue, from

Church street to Torrence road. To pave with bowlders Ross alley, from

Miami Canal to Twelfth street. He was also directed to advertise for proposals to build an iron bridge over the Miami Canal, at Elm street. Bidders to furnish their

The Engineer was requested to report ordinance establishing grades of Werner street, from Findlay street to Livingston etreet, and Livingston street, from Linn street to Werner street.

The Clerk was directed to prepare a resolution for Council authorizing City Commissioners to make additional improvements in the Police Court room, by white-washing and painting, furnishing new carpets, and placing desk and railing for Prosecuting Attorney, and remodeling platform of Judge's and Marshal's desks; also, by placing a ventilator in the ceiling-whole cost \$250.

Mr. H. P. Dishl was granted use of city lot, on Fourth of July, for Bellman's balloon ascension in the afternoon and Diehl's Fire Works at night, at \$50.

Soreis Werner's Concest. -- We were pleased to observe a fine company in attendance last evening at Smith & Nixon's, to witness the performances of that youthful prodigy in music, Miss Sophie Werner. The young lady far surpassed even the expectations of her most sanguine friends; and hardly a doubt can be entertained that she is destined, under the rigid culture to which she will be subjected, to attain a most envisble rank.

Prof. Tosso played in his usual admirable style. The artistes that assisted, acquitted themselves in the most satisfactory manner.

In order to accommodate the St. Aloysius Orphan Society, the Pic-Nic of the Buckeye Dancing Society has been changed from the 16th to the 15th of the present month.

The Coming Fourth.

Again we ask, what are our citizens going to do the Fourth of July? Will they sit quietly down and fold their arms like so many old fogies, or will they not take steps to celebrate, in an appropriate manner, that day dear to exery American citizen? Let us have a celebration, a general celebration-such a celebration as the day which gave birth to our national independence deserves. Unfurl the stars and stripes from every house-top; bring out the cannon, the drum and the fife, and let "Yankee Doodle" resound from the rising until the

setting of the sun. The City Council of Boston, Mass., we see, has appropriated \$15,000 to defray the expenses of a celebration in that city, and in every section of the country extensive preparations are being made to keep up the patriotic "spirit of '76." Shall Cincinnati be behind in this matter? No, sirs. Then let us have a meeting at once. Who'll take the lead?

"Music and Physic."-Tosso's anecdote of "music and physic," related with violin accompaniments, at Smith & Nixon's Hall, last evening, was replete with amusing incidents, and elicited rounds of applause from the audience. The scene was laid at Louis ville, Ky., and the conversation took place between a physician and himself, Tosso agreeing to give the M.D. lessons on the violin at \$1 each, he to bring his own instrument. He called every day for several weeks and heard Tosso play, but always left his violin at home. On one occasion Tosso reminded him of the contract as to the violin. "Oh, never mind that," said the Dr., "I am improving very fast, and every time I come to town I expect to call on you, hear you play, and pay you one dollar, and if that is not enough I'll give you two."

Oun list of subscribers is rapidly on the increase here and elsewhere. From Indianapolis, Indiana, we received an order last evening to add twenty-five more to the number now sent -making two hundred subscribers in that city of railroads and beautiful women. The truth is, we are sending out to the people the best penny paper in the United States. We go in for sowing broadcast the NEWS.

Let the masses become intelligent; then party leaders-political hucksters-can go to the dogs.

INDIANAPOLIS. - Understanding that our fellow-citizen, Dr. N. C. Daniels, has opened an office in Macy House, Indianapolis, we take this early opportunity of recommending him to our numerous readers in that cityunknown to and unsolicited by him-as a gentleman in whose sincerity, sympathy and skill, they may confidently repose.

THERE were no arrests of any importance made by the Police last evening. In the Ninth street station we found several on charge of being drunk and disorderly, and at 12 o'clock there was no one in the Hammond street.

Ws understand that the Police Commissioners have taken rooms on Ninth street, opposite the Station-house, and will, on next Tuesday, report the names of the new police force.

REV. KINSLEY GODDARD, Rector of Christ's Church, (Episcopalian,) will preach in the Tent, to-morrow (Sunday) afternoon.

Labres will find every accommodation for having their hair cut, cleaned and dyed—in private rooms at Lewis & Tosspot's, No. 4 West Fourth street.

I send you the original, but will, with the assistance of a gallant hussar, translate for you one or two pas-Hungarians, brothers, soldiers!—These lines are sent to you in the name of the Hungarian fatherland, and of your former leaders, that you may know how to act at the commencement of the next war. We inform you that not only the Piedmontese, but also the French, are about to attack Austria and drive her out

of Italy. When Austria is beaten there, the united army will hasten on to Hungary When the war begins, where and when you can, come over to us. So, in March, France and Sardinia had determined on war, and were merely fooling England with acceptance of mediations and

Several hundreds of these circulars were distributed. Many were brought to their officers by the men. At the present moment others constantly left in their way, in Croatian, Hungarian and Bohemian.

WORTH KNOWING.—A young lady of this city, says the Philadelphia Post, while in the country, stepped on a rusty nail, which ran through her shoe into her foot. The inflammation and pain was, of course, very great, and lockiaw was apprehended. A friend of the family, however, recommended the application of best taken from the garder and pounded fine, to the wound. It was done, and the ef-fect was very beneficial. Soon the inflammation began to subside, and by keeping on the orushed best and changing it for a fresh one, as its virtue seemed to become impaired, a speedy cure was effected. Simple but effec-tual remedies like this should be known to every one.

HARDEN, THE WIPE POISONER.—The trial of Harden for murder, in Warren county, will not take place till September, the Board of Free-holders having refused to order a special term in July. Great efforts, we are informed, are being made to create a feeling in favor of Harden, and there are many who really believe. den, and there are many who really believe him innocent of the crime with which he is charged. He has preached two or three Sab-baths in the jail where he is confined, and large numbers of ladies have flocked to hear him. Harden says himself that he is entirely innocent, and pretends to be earnestly engaged in study, designing, when liberated, to prosecute his ministerial work.—Treaton (N. J.)

After the resolutions had been adopted, Mr. Bradish desired to say that Mr. Bancreft had been invited to lecture on the particular sub

ject of the evening's discourse. An atrocious attempt to destroy Rock Island Bridge, Iowa, on Saturday last, was happily frustrated by the timely discovery of the com-bustibles laid on it for its destruction.

REPORTED FOR THE DAILY PRESS

From Washington.

WASHINGTON, June 10 .- The Secretary of the Treasury has given notice that scaled pro-posals will be received until the 20th inst. for the issue of any portion, or the whole of \$5,000,000 in Treasury notes, in exchange for gold coin of the United States, under the authority of the acts of Congress of 1857 and 1859. the interest not to exceed six per cent. per annum.

The receipts of the Treasury for the ending on Monday last, amounted to \$263,000;

drafts issued, \$1,718,000. The amount subject to draft is \$3,774,000.

In addition to the twelve army officers, whose names have heretofore been published, Col. Cook, of the dragoons, and Col. Thayer, of the corps of engineers, have obtained permission from the War Department to go be-yond the United States. Encouraging News from Pike's Peak. LEAVENWORTH, June 10 .- Advices by the express coaches, from Denver City, to the 1st inst., contain extraordinary reports, which are calculated to renew the gold fever with tenfold more violence than ever. Rich nuggets have been discovered on the north fork of Vasques creek, principally in coarse gold and decom-posed quartz. Great excitement prevailed all through the country. Statements of the yields of Gregory's and other mining companies are almost fabulous.

It was reported that a company from Indiana

was making from \$150 to \$500 per day. Other accounts are of the same character and unvarying. Many letters, which seem to have been swritten under the influence of the prevailing excitement, are in strong contrast to the pre-vious glowing reports. The dust taken out at Gregory's alone is estimated at \$20,000.

Denver City is almost depopulated by the

people leaving for the mountains, Provisions continued scarce. \$20,000 were offered for claims. Subsequent arrivals will determine certainly this information, but the accounts now received do not differ in tenor. Rich specimens have been received by this arrival. This community is intensely excited.

Steamboat Explosion—Eight Lives Lost. Augusta, Ga., June 10,—The steamer John Lawton exploded last night when near Sayan-nah, killing the Captain, Pilot, Assistant Engineer, John S. ### COLUMBUS NEWS.

Cotymnus, June 10. GOODALE PARK .- Why is it that our olly ouncil, with its standing committee of the from year to year, whose duty it should be to remodel and beautify this cool, shady retreat from the dusty city, does nothing to make the park a more convenient and better arranged place of recreation and amusement than it is? Years ago the generous and magnanimous Dr. Goodale ceded it to the city, upon the express condition that the party receiving it should proceed to lay it out in walks and carriage roads, clear up the undergrowth and rubbish, and make the majestic woodland a commodition and pleasant place for the citizens generally to congregate in their leisure moments, and breathe the pure air of heaven. What has been done? Last summer, in opposition to the wish of many, the surveyors and civil engincers among our citizens, were overlooked or deemed unworthy the task, and a gentleman whose name we have forgotten, was brought from another city, and paid an enormous price to make a plan and estimate of laying out the park. The engineer, much to the astonishment of urchins and venerable maidens in the locality, proceeded to perform the task assigned him, and in a few weeks presented a plan, extravagantly bedaubed with venetian green, in imitation of trees, the green being surrounded by a streak of brownish hue, neither square or circular, intended to represent a road. The Teutonie name of the artist was displayed underneath, in glaring capitals, and the "plan and estimate" was, with all the necessary formality, presented to the City Connoil. It still hangs in the chamber, surrounded by a massive gilt frame, which compares favorably with the glittering fancies of the designer, and those who approve the work. Let us hope, gentlemen of the Park Committee, that before the season is entirely passed, some action will be taken to show our appreciation of the gift, and make not only useful to our citizens, but an

ornament to the municipality. WITHIN the past few days convicts have been brought to the penitentiary from Pike Auglaize and Cuyaboga counties until the entire number of inhabitants in the village of Van Slykerville is now eight hundred and eight. About a year since the burrough contained just one less than the number now quoted, which, at that time, was the greatest number ever known in the institution; but in the almost continual changes occurring, the number in the fall had declined more than a hundred. Again an ebb occurred in the tide of vice and crime, until now the prison contains more than ever at one time before. The prespect for a still larger increase is very favorable just now. We wot of a few who Franklin county should send up, in justice to the community and laws, and large delegations may soon be announced from Hamilton and other counties. So that the number may probably increase during the year to pine hundred.

Robours, the pickpocket, now up as a vagrant, has been identified as one of a crowd who proved very annoying to the police at the late State Fair. His story as to being a Louisville member of the art preservative, was doubtless intended more than any thing else for "electioneering purposes."

In Superior Court, Judge Matthews has overraled the motion for a new trial in the case of Eliza Webb against the Little Miami Railroad. It will be remembered that the case was recently tried and resulted in a verdict of \$5,000 damage for the plaintiff, caused by the death of her husband, an employee on the road.

SAMUEL Ross, Esq., an ex-city official, and an estimable gentleman, has accepted the position of Route Agent on the Columbus, Piqua and Indianapolis Railroad. Railroad companies, unlike other organizations not incorporated, are proverbial in their preference for

"the best of men for office." THE case of Margaret Garnes, a colored lady of the Baptist faith, against Rev. Thos. Stewart, also colored, and besides a minister in good standing in the church toward which plaintiff "leans," is occupying the time of the Court of Common Pleas to-day. This is another of those foul scan, mag. cases which, within the past few years, has increased upon our Court journals until they have become almost as common as the petition in error or the order of sale. The defendant, Stewart, is charged with bastardy, and the evidence not only of the plaintiff, but of bur physicians, is loathsome. The case is on its second trial.

THE parties recently indicted for illegal voting, &c., have appeared in Court and gave bonds for their appearance. The bail of Morris Capple, who voted twice, was fixed at \$500. THE Board of Public Works has appointed a

Resident Engineer and two Superintendents

of the National Road. The appointments are made from men of this county who have heretofore figured somewhat extensively in the Public Works of the State. THE ladies of Trinity Church had a very pleasant but, pecuniarily, not a very remunerative time at their festival last evening.

A large number of our citizens left yesterday

for "the Springs," which made the attendance at the festival rather slim. THE pic-nic of the Town street Methodist Episcopal Church, and Sabbath School, has been postponed " on account of the weather," which for the past twenty-four hours has been more like that of January than of June. The sky is brightening now, however, and

A QUARREL .- We overheard last night two Germans quarrel over a glass of lager beer. One called the other an Amater dam Dutchman, putting a malignant emphasis upon the last syllable, and the enraged Teuton retorted by stigmatising the other chap as "Rottom" dam Dutchman. Friends interfered, and after drinking ten or twelve glasses more of lager they made it up.—Evansvills Enquirer.

The fillibusters at Mobile (Capt. Maury and Col. MoDonald) have demanded of the United States Court their discharge from arrest for alleged violation of the neutrality laws, on the ground that since they had been held over by the United States Commissioner, a Grand Jury had made their inquest for that District and returned no bill of indictment. Judge Campbell holds the metion under advisement.
